This one is absolutely STUNNING! From the moment you walk in, you will be awed by the charm, character, and space in this home. Meticulously maintained, this beauty features a formal living and dining room, main floor office, kitchen with tons of cabinet space, and a sunny family room overlooking the gorgeous back yard. Upstairs you will find four bedrooms and a full bath. But wait, there's more! The third floor attic is finished with another full bath and would make a great master suite, playroom, or office. The backyard oasis is very welcoming, with a covered patio to sit and drink your coffee or wine and enjoy the solitude. Close to shopping, schools, downtown, and the interstate. There are truly not enough words to describe this masterpiece.
