2 Bedroom, 1.00 Bathroom, 944 sqft

Single Family on 0.15 Acres

East View Addition, Beloit, WI

The seller called this their Honeymoon Home! Adorable and well cared for home with a first floor bedroom and a non-conforming upper bedroom which has built in drawers but no built in closet. Nice sized living- dining combo and very nice oak kitchen. The bathroom and kitchen are nicely updated! This home offers a screened in front porch to enjoy watching the nature and looking at the beautiful woods across the street. The rear deck and one and a half car garage are so convenient for modern life. There is a nice yard with many perennial plants. You've got to look up at the stone chimney, it's part of the Honeymoon Home's charm! Don't miss this home which is practically in the country out on the far west side just past the former Historical Society Home. Windows are newer
