Showings start 9/17! It's as if the builder read your mind when designing and constructing this ranch style home with so many extras. We are talking big-sized multiple family rooms, screen porch, deck, workshop space, office(future bedroom?) in the lower level and of course - classic WI Poker Room/Bar area in the lower level. This home has been cared for by the original owner since 1973. Updates include windows,(2015 ish), skylights (2021), water heater (2015), furnace (2019), and oversized sliding door from the big living room to the deck slides like butter, plus new electric panel to be installed prior to closing.
